About Transmed

Transmed International Pte Ltd is one of the leading foodservice distributors, exporters and importers of superior quality food and non-food products. The organization was set up in the year 2008 in Singapore intending to offer FMCG products and innovative consolidation solutions to its clients all over the world. Specialised in developing customised Labels based on the client's request, we at Transmed pride ourselves on offering an exceptional blend of premium quality food ingredients and value-added services to our valued clients over the years.

We offer the finest range of premium products including Dry, chilled and frozen catering to the needs of the FMCG service, retail and wholesale markets at the best prices. Transmed pride itself on being a leading supply partner to most of the five-star hotels, dining restaurants, catering companies, bakeries, ship chandling, airlines, cruise lines, hospitals worldwide.

With years of dedication, fine touch of service and diverse international brand portfolio along with 25,000+ products, today Transmed Group is well represented in Singapore and became a well-known name in the neighbouring countries like Malaysia, Indonesia, Vietnam, China and most of the South East Asia Markets.

Our Strength

- Diverse range of dry, chilled, frozen, canned, dairy and beverage products.
- Wide range of non food products for housekeeping and maintenance team.
- Consolidated shipments to meet the specific needs of customers.
- Customer-oriented. Dedicated and responsible personnel.
- Features modern facilities coupled with fully computerized operations.
- Rapid turnaround time for both imports and exports.
- Strategic location advantage to process and deliver client's requirements.
- Global network.
- Operational efficiency and handling capacity.
- Swift clearance of shipping documents and administrative documents.

Why Transmed?

An exceptional quality standard, diversity of brands, progressive supply chain and the utmost service standard are our core values that Transmed is known for. We source only premium ingredients that add extra values and perfection to your creations which helps you build a sustainable partnership with your clients.

At Transmed, we go the additional mile to offer innovative consolidation solutions based on the client's requirements and ensure every client receives the best of our services. We work with the leading brand partners and strive to introduce innovative and client-friendly solutions to establish a strong & long-term strategic partnership with our clients.
